

The Easy Laxative

In justice to yourself you should try **Rexall Orderlies**,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create constipation, bad breath, headache, dizziness, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies

Come a tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, grip, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust.

They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxative. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs and glands.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes: 12 tablets, 10c; 36 tablets, 25c; 90 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all drug stores. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

High School Play.

Next Thursday evening March 27, at the Peoples Theatre the senior class of the Carlsbad High School assisted by Ray T. Hackett will present to the public the three act comedy "The Toastmaster" by Swartout. This play is conceded to be the best of the college comedies since George Ade's "College Widow." There is a real plot with action all the time, while the lines are sparkling with wit and laughter.

The plot concerns the stealing of the sophomore toastmaster, Fairfax, by the freshmen and the vicissitudes of the love affair of the hero, Bill Morgan, and Professor Reed's daughter, Cynthia, in the course of which he dons female attire in order to obtain a position as domestic in the professor's household. The professor is not slow himself and is the cause of a good deal of the amusement as are also his deaf and dumb wife, and the irrefragable little son, Buzzer.

The following is the cast of characters: Bill Morgan, he loves and owes, Ray Hackett.

Towel Fairfax, sophomore toastmaster, Howard Nutt.

Bob Kenmark, sophomore, Hubert Ryan.

Henry Reed, freshman, Edgar Hackett.

Tom Ripley, freshman, Robert Finlay.

George McIntosh, he stutters, Leslie Grantham.

Professor Reed, absent-minded, Joe Owen.

Mrs. Reed, deaf and dumb, Mabel Earlsborn.

Cynthia Reed, heroine, Lucy Jones.

Buzzer, the little son, Robt. Toffelmire.

The class has been at work upon this play for some time and will present it very creditably.

This will be the first High School play of the year and it will deserve a generous patronage. Although the cast will be amateurs, there will be nothing amateurish in the staging or the presentation and the public may rest assured that the entertainment will be well worth the time and admission price.

The proceeds will be used in partly defraying the cost of the High School annual. It is to be hoped that there will be a good house present to greet the players next Thursday night.

HOUSEKEEPERS TAKE NOTICE

If you desire comfort during the hot weather, buy an

HOT POINT FLAT IRON

No waiting for irons, no hot stove, all heat ends as soon as ironing is completed. We are authorized by the manufacturers to reduce the price on six pound irons from \$5.00 to \$3.50. It is still a \$5.00 iron with the hot point, cool handle and attached stand.

The most direct way of winning the respect of other folks is to develop and have a well defined respect for oneself. There is no other way to start the ball rolling.

The day has forever passed when the progressive dairyman allows his cows to be brought running or excited into the barn by a dog or a boy with a whip.

There is just as much difference between a Baltimore oyster and a Port land (Ore.) oyster as there is between a New York Spitznberg and a Missouri Ben Davis.

Eggs at 15 cents a dozen the last of February brought satisfaction to the folks who have been getting along without them, even if they did make the egg speculators sort of sick at the stomach.

New York, Ohio and Vermont lead in the production of maple sugar and sir up, each state's output being worth a trifle more than a million dollars. Pennsylvania, Michigan, Indiana and New Hampshire follow in the order named.

A safe rule to follow in handling horses is never to trust them too far. It is never safe to leave a horse without tending, and it is good practice to carry a strong rope halter for tying and using it every time the horse is left standing.

In practically every town there is a good market for dairy products and fresh eggs as well as some of the other farm products at the leading hotel, restaurant or bakery. Cultivate their trade and you will be surprised to see how profitable it can be made.

In a good many homes there is mourning just now because of the fact that the fires got low on the night of the 23d of February, when the thermometer went to 20 below zero. The winter had been so open and mild that folks were taken off guard. The result is that many of their plants are done for.

About the worst frosted thing that the writer knows of as a result of the past three months of winter weather is the reputation of a number of long distance weather prophets who doped out severe January and February weather in their gaudily printed almanacs that were distributed among a gullible constituency just about a year ago.

If the women folk are left to fetch water and bring in wood and coal it is good conscience the well and the wood shed ought to be just as near the back door as it is possible to have them. If the man of the house takes it upon himself to attend to these chores it is pretty safe to assume that he won't wear out any more shoe leather than is necessary doing them.

At Charles City, Minn., business men farmers and stockholders of the local creamery have decided to establish a community laundry in connection with the plant. The idea is to put to a more economical use the waste steam from the creamery boiler. Such a co-operative creamery laundry is already in operation at Chatfield, Minn., and its progress is being watched with interest.

Dwellers on the Atlantic and Pacific seaboard are to be envied in those living inland because they are able to get a fine variety of fresh salt water fish, lobsters and oysters and at reasonable prices. Those living inland get dreadfully tired of pork and beef and beef and pork and to vary the monotony of their bill of fare have to fall back on salt codfish, salmon and sardines.

The great popularity of the new parcel post system is shown in the figures submitted by the postmaster general to the effect that 40,000,000 packages were shipped by the new method in the month of January. There seems good reason for believing that the volume of parcel post business will continue to increase, but that before long there will be an increase in the weight limit and a cheapening of the rates.

The federal department of agriculture has lately made announcement that it is ready to send out cuttings of the basket willow, which it has been cultivating for several years past on its experimental farm at Arlington, Va. Application for the cuttings must be made to the department in writing. The willow does especially well in low, wet land that cannot be cultivated, and it was with the idea of putting such lands to work that the government took up the experiments with this variety of willow.

Ask the Chalmers Owners Who Have Driven Their Cars Four or Five Years

ALMOST ANY CAR WILL GIVE SATISFACTORY SERVICE FOR SIX MONTHS—OR A YEAR. THE DIFFERENCES IN QUALITY BEGIN TO SHOW AFTER THAT TIME.

Don't ask only the owners who have driven their Chalmers but one season. Ask the men who have used CHALMERS for 4 or 5 years—the men who still cling to their old CHALMERS cars even after they have been driven 50,000 to 100,000 miles.

THERE ARE MANY SUCH.

Here are eleven CHALMERS cars which have been driven more than 1,000 miles—an average of nearly 100,000 miles each:

| OWNER | ADDRESS | MILEAGE |
|----------------------|-----------------------|-----------|
| Fred Roberts, | Corpus Christi, Texas | 80,000 |
| Geo. Stump, | Independence, Kansas | 140,000 |
| Frank W. Fiske, Jr., | Buffalo, N. Y. | 54,752 |
| Louis Pacheco, | Oakland, California | 122,000 |
| Dr. F. S. Cuthbert, | Kingman, Indiana | 75,000 |
| A. D. Williams, | Buffalo, New York | 100,000 |
| W. H. Caffery, | Kansas City, Mo. | 125,000 |
| P. May, | Kingsley, Ia. | 50,000 |
| E. Watson Gardiner, | Amsterdam, N. Y. | 78,648 |
| R. L. Holt, | Burlington, N. C. | 120,000 |
| W. C. Kramer, | Joplin, Mo. | 75,000 |
| | | 1,020,400 |

And at the Chalmers factory are the records of many more cars which have been driven 25,000 to 50,000 miles. Cars built of poor materials or by slipshod methods don't make such records. Men don't continue to drive, year after year, a car which gives constant trouble or which is expensive to maintain. Ask the Chalmers owners who have made these records why they continue to drive the Chalmers in preference to other cars.

Then decide if the Chalmers isn't worth your careful consideration. If you are looking for real service you will hardly want to select a car, after

reading these records, without seeing the Chalmers. Won't you call or write and arrange for a demonstration?

HOW TO JUDGE MOTOR CARS.

But there are certain other qualities which you should demand. You should look for them in all the cars you consider. We ask you to make these qualities your standard in buying any car, whether or not it be a Chalmers. As you study the cars at the National shows or in the dealers' salesrooms, compare them not only as to comfort, beauty, convenience and mechanical excellence, but also as to the following points:

1. Stability of company marketing car
2. How long have they been in business?
3. Do they manufacture or merely assemble?
4. What do the owners say about the car?
5. Has the car itself merely "features" or is real quality built into it?
6. Will it command a good price in case you care to sell it two or three seasons hence?

Consider the prices of cars only in relation to their quality. You can pay too little to make a wise investment. You can also pay too much.

NOTICE TO SUBSCRIBERS.

Owing to the fact that many of the valued subscribers to the Current commenced to take the paper during the dates of the first week in April and the 25th of that month their subscriptions will expire at that time this year that being the date of the big contest in which an auto was given. While we would gladly send the paper indefinitely and trust to the fairness and honesty of our many friends who so kindly patronized the Current and paid their cash for the paper for one year, the rulings of the Post Office Department require that all subscriptions must be paid in advance. Therefore, if you fail to receive the Current after April 9th or the 25th as the case may be, do not blame the management, but send a check or money order for \$1.50 and the Current will visit you regularly for the next year. The serial story now running will be followed by another and all the local news as well as the legislative, congressional and the happenings of the world generally will be found in the Current. For a family residing in Eddy county there is generally no necessity to take any other paper than the Current, for all county news as well as state and general news will always be found in its columns. To our old subscribers who have taken the paper for the past twenty years or more the discontinuance of the paper need be only for a week or two and will be a reminder that the subscription is due and the bank numbers can be had on application at the office, for it is better to have a bill for only \$1.50 than to let it run to \$10.00 or more as many have done in the past, therefore, do not be offended when the paper does not come for Uncle Sam has said that the country newspaper man has not sense enough to know who to trust.
